My wife and I hope that you are  
keeping well; and that your wife is the  
same. We shall enjoy reading your  
Paintings of historic landmarks - it is  
really a distinguished work. I will  
write to you later. I shall of course be  
very pleased to write a piece for your Part II. Let  
us first await the reaction of Lord Maclehoze.  
With Best Wishes

The many pictures + paintings you have done for us are all hanging on the walls of our house here and hondon flat. They are much admired by visitors and friends

Dear Mr. Kong, Kai Ming

Thank you very much for your letter + copy of your latest publication. Many congratulations on a work of great artistic merit!

I have sent the copies for the Prime Minister and Lord Maclehoze to the London Office of the Hong Kong Government. I have asked the Commissioner (Mr. John Taxley) to send them on. An official approach of this kind will be more effective than my sending them direct.

You may well receive replies direct.

If I receive any I will let you know.

I was interested to hear of Margaret's marriage to Mr. Ricky L.K. Leung. I assume he is not the Ricky Leung who was a colleague of mine in the H.K. government service. I hope they will be happy.

My wife and I are enjoying retirement. It is very rural <sup>鄉</sup>, but we go from time to time to London.
