Question:

Regarding the jogging tracks managed by the Leisure and Cultural Services Department (LCSD), will the Government inform this Committee of the locations of all the jogging tracks (including those provided in parks and other outdoor venues) now managed by the LCSD and their respective lengths; the length and percentage of jogging tracks which are surfaced with standard vibration-absorbing materials out of all the jogging tracks; and the respective lengths of jogging tracks using and without using standard vibration-absorbing materials provided in this financial year? What are the locations of jogging tracks using standard vibration-absorbing materials expected to be provided in the next three years and their respective lengths?

Asked by: Hon Frederick FUNG Kin-kee (Member Question No. 60)

Reply:

As at December 2015, the Leisure and Cultural Services Department manages 103 jogging tracks with a total length of about 45 kilometres (km), of which 45% (around 20 km) are surfaced with vibration-absorbing materials. There are also 27 athletic/jogging tracks, of which 26 tracks are surfaced with vibration-absorbing materials, in 25 sports grounds with a total length of about 9 950 metres. The lists of venues with outdoor jogging tracks and athletic tracks are set out at the Annex. There is currently no plan to provide any new jogging tracks in the next 3 years.
