Question:

The Government provides subvention to national sports associations and sports organisations for training of athletes and organising sports activities. How many organisations are involved and what is the expenditure involved? What are the numbers of trainers and athletes in each of the organisations, the ratio between the two, and the expenditure for each organisation?

Asked by: Dr Hon KWOK Ka-ki (Member Question No. 572)

Reply:

The Leisure and Cultural Services Department (LCSD) provides subvention to “national sports associations” (NSAs) and sports organisations (SOs) under the Sports Subvention Scheme (the Scheme) to support the promotion and development of sport in Hong Kong. In 2015-16, 59 NSAs and 22 SOs received Block Grant subvention and Project Based subvention respectively from the Department. The Block Grant subvention allocated to NSAs covers their personnel, office and programme expenses. Programme expenses include “national”, youth and regional squad training, training programmes in the community, local competitions, school sports programmes, community sports clubs projects, participation in international events, training of officials and attendance at overseas meetings. The Project Based subvention allocated to SOs covers programme expenses which include local training courses and competitions.

As the nature, scale and level of programmes varied for different sports and it is the NSAs' expertise to decide the ratio for officials to athletes or coaches to participants to meet different needs and their numbers change from time to time, the LCSD does not have the information on this aspect.

The subvention in 2015-16 for the above-mentioned programmes for each NSA and SO is at the Annex. The subvention to be allocated to individual NSAs and the SOs in 2016-17 is being finalised.
