HAB495

(Question Serial No. No. 7011)

Head: (95) Leisure and Cultural Services Department

Subhead (No. & title): (-) Not Specified

Programme: (1) Recreation and Sports

Controlling Officer: Director of Leisure and Cultural Services (Ms Michelle LI)

Director of Bureau: Secretary for Home Affairs

Question:

Please set out in a table the number of existing gardens in the territory and the ratios of number of gardens to population in districts. What are the manpower and expenditures involved; the numbers of toilets, baby care rooms and changing rooms; and the details of maintenance works carried out and the costs incurred each year in the past 3 years for each garden?

Asked by: Dr Hon KWOK Ka-ki (Member Question No. 592)

Reply:

The Leisure and Cultural Services Department (LCSD) manages parks, gardens, playgrounds and sitting-out areas to provide open space to meet both the active and passive recreational needs of the public. There are currently 500 parks and gardens managed by the Department. The number, distribution and facilities of parks and gardens are set out at Annex I and Annex II. The current provision of open space (including gardens and parks) is sufficient to meet the Hong Kong Planning Standards and Guidelines at the territory-wide and district levels.

In general, gardens, parks, playgrounds and sitting-out areas are managed by the same team of staff. The LCSD does not have breakdown figures on the manpower and expenditures involved for gardens in the past 3 years.

As maintenance works of gardens are undertaken by respective technical departments such as the Architectural Services Department and the Electrical and Mechanical Services Department, the LCSD does not have the details on the maintenance cost for each garden.
