Subhead (No. & title): (-) Not Specified

Programme: (1) Recreation and Sports

Controlling Officer: Director of Leisure and Cultural Services (Ms Michelle LI)

Director of Bureau: Secretary for Home Affairs

Question:

According to Programme (1), the work of the Leisure and Cultural Services Department (LCSD) involves developing and managing leisure facilities such as sports centres, parks and gardens, swimming pools, gazetted beaches and holiday camps. Some of these leisure facilities provide car parks which are managed by the LCSD. Will the Government inform this Committee of the following:

How many car parks are managed by the LCSD in each of the 18 districts? What are the expenditures and manpower involved in the management of the LCSD's car parks this year? How many parking spaces are there in each of the LCSD's car parks? What is the usage rate of each of the car parks this year? How many car parks are open for public use round-the-clock and how many parking spaces are provided for this purpose? How many car parks are open for limited periods of time and how many parking spaces are provided for this purpose? Will the Government consider opening these car parks round-the-clock in the coming year? If so, what are the details? If not, what are the reasons?

Asked by: Hon Alice MAK Mei-kuen (Member Question No. 40)

Reply:

There are 82 leisure venues with car parking facilities managed by the Leisure and Cultural Services Department (LCSD), of which 66 are open round-the-clock and 16 are open during the operating hours of the venues. While there is no plan to extend the car park opening hour of these 16 venues in 2016-17, the LCSD will keep in view the demand and other implications in determining the opening of these car parks. As the car parks form part of the facilities provided in these venues, the LCSD does not have separate figures on the expenditure and manpower involved. Details on the provision of car parking spaces at leisure venues are at the Annex.
