- 1) and 2) The Leisure and Cultural Services Department (LCSD) operates a total of 12 mobile libraries serving over 110 service stops across the territory. The service hours of mobile libraries are generally from 10:00 am to 1:00 pm and from 2:00 pm to 6:00 pm on Monday to Saturday, providing services 6 days a week with a total of 42 hours. The stock sizes, attendances, numbers of loans and numbers of returns of the 12 mobile libraries in the past 5 years are tabulated below:

<b>Year</b>	<b>2015</b>	<b>2016</b>	<b>2017</b>	<b>2018</b>	<b>2019</b>

The LCSD provides 3 self-service library stations under a trial scheme, 1 each on Hong Kong Island, in Kowloon and in the New Territories at convenient locations with heavier pedestrian flow but far from existing libraries, rendering round-the-clock services such as borrowing, return, payment and pickup of reserved library materials. The 3 self-service library stations located at the Island East Sports Centre Sitting-out Area, Hong Kong Cultural Centre and Tsuen Nam Road, Tai Wai of the New Territories commenced service in December 2017, December 2018 and January 2020 respectively. The stock sizes, numbers of loans and numbers of returns of the self-service library stations since launch are tabulated below:

<b>Year</b>	<b>2017</b>	<b>2018</b>	<b>2019</b>

All libraries under the Hong Kong Public Library (HKPL) are inter-connected by an integrated automated library system. The total operating expenditures for providing library services include staff cost and the costs of library materials, replacement of furniture and equipment, public utilities, system maintenance, store items, rental for libraries at leased premises, hiring of contracted services and other operational expenses. Since many functions are co-ordinated centrally, breakdown on the recurrent operating expenditures incurred by individual libraries (including static and mobile libraries) is not available. The total operating expenditures for providing library services in the past 5 years are tabulated below:

<b>Financial Year</b>	<b>2015-16</b>	<b>2016-17</b>	<b>2017-18</b>	<b>2018-19</b>	<b>2019-20</b> (Estimate)
Total Operating Expenditures for Library Services (\$million)	992	1,047	1,099	1,162	1,255

- 3) to 5) Due to system constraints, the LCSD can only generally provide information on the top 10 books in terms of circulation in the past 5 years in the following 8 categories of books, namely adult Chinese fiction/non-fiction, junior Chinese fiction/non-fiction, adult English fiction/non-fiction, and junior English fiction/non-fiction. Details are at Annex I.

As regards e-books, as at December 2019, the HKPL had acquired or subscribed to 11 e-book collections with about 338 000 items. These e-book collections are hosted by different service providers and licensed for library use at individual service providers' platforms online through an annual subscription or a perpetual licence. These e-book platforms adopt different systems and classifications to suit their specific mode of service. Some of them do not maintain usage statistics by title or category. Due to system constraints, only the usage statistics for the past 2 years can be provided. According to available information, the top 10 e-book titles in terms of usage in 2018 and 2019 are at Annex II.

- 6) The HKPL acquires books through open tenders in accordance with the Government's established procurement procedures and enters into contracts with suppliers stipulating that books provided to the HKPL can be lent to any third party. The HKPL is only required to pay contractual fees to the suppliers, and is not required to pay extra royalties. As regards the acquisition workflow, librarians will identify suitable books based on information obtained from a wide spectrum of sources, including publishers' and booksellers' catalogues, sample books, book reviews, bibliographies and subject guides, publishing news, and bestseller lists. The HKPL also welcomes suggestions for acquisition from the public and professional organisations. Suppliers are required to provide books according to contract terms upon an order placed by the HKPL. The HKPL will check, classify and catalogue the books upon receipt. Bibliographic information will be input into the library computer system before the books are distributed to respective libraries.
