2. Introduction

2.1 ICH refers to the various cultural traditions originated from our everyday life, including different “intangible” activities, knowledge and skills such as languages, music and dances, as well as folk knowledge, festivals and customs, and craftsmanship, and recognised by various communities or groups as their cultural traditions. According to the Convention for the Safeguarding of the Intangible Cultural Heritage (“the Convention”) of the United Nations Educational, Scientific and Cultural Organization, the ICH is manifested in the following five domains: oral traditions and expressions; performing arts; social practices, rituals and festive events; knowledge and practices concerning nature and the universe; and traditional craftsmanship.

2.2 The Hong Kong Special Administrative Region (“HKSAR”) Government attaches great importance to the safeguarding of ICH of Hong Kong and strives to raise the Hong Kong community’s awareness of the importance of ICH and the need to protect such heritage as our cultural assets. To encourage the community participation in

safeguarding ICH¹ and to ensure the continual development of our local culture and traditions, the HKSAR Government has introduced various key measures including:

- the setting up of the ICH Advisory Committee (“ICHAC”) in 2008, comprising local academics, experts and community personalities, to advise the HKSAR Government on measures to safeguard ICH;
- the announcement of the first ICH Inventory of Hong Kong (comprising 480 items) in 2014;
- the establishment of the ICHO in 2015, which is dedicated to the research, preservation, promotion and transmission of ICH;
- the setting up of the Hong Kong ICH Centre at the Sam Tung Uk Museum in 2016; and
- the promulgation of the first Representative List of the ICH of Hong Kong (comprising 20 items) in 2017.

2.3 To further promote the safeguarding of ICH, the HKSAR Government proposed in the 2018-19 Budget to allocate \$300 million to the LCSD for the safeguarding, promotion and transmission of ICH. The HKSAR Government approved a funding of \$300 million in late 2018 for launching the ICH Funding Scheme to engage the community and strengthen various aspects of safeguarding work for the ICH items of Hong Kong.

2.4 The purpose of the ICH Funding Scheme is to support local organisations and individuals with relevant experience to carry out ICH projects, with a view to achieving the following aims:

- to strengthen the safeguarding, research, education, promotion and transmission of local ICH items;
- to support the transmission of ICH by local bearers and bearer organisations;
- to engage the participation of the community in safeguarding ICH; and
- to enhance public awareness, understanding and respect in regard to ICH.

¹ The Convention defines “safeguarding” as measures aimed at ensuring the viability of the intangible cultural heritage, including the identification, documentation, research, preservation, protection, promotion, enhancement, transmission, as well as the revitalisation of the various aspects of such heritage.

- 2.5 The ICH Funding Scheme is implemented and managed by the Office of the LCSD. The ICHAC has been consulted before drawing up the scope and details of the funding support. The LCSD has set up an Assessment Panel under the ICHAC for assessing applications. The assessment results and funding recommendations made by the Assessment Panel will be submitted by the Office to the LCSD for approval.
- 2.6 The ICH Funding Scheme is now offering funding support for “Partnership Projects 2020”. Eligible individuals and organisations are welcomed to submit applications for the projects set out in paragraph 3.1 below. Applicants should complete the Application Form for assessment. - 3.4 If a petition has been filed, or proceedings have commenced, or the court has issued an order, or a resolution has passed requesting an applicant to liquidate or declare bankruptcy by the relevant parties, the LCSD will not accept or support the application for the ICH Funding Scheme from the applicant in question.

4. Assessment Mechanism

The Assessment Panel under the ICHAC will assess the applications in accordance with the established criteria, guidelines and procedures. Upon receipt of the funding recommendations made by the Assessment Panel, the LCSD will make the final decision and determine the amount and conditions of funding support for approved cases pursuant to the established procedures. The LCSD reserves the ultimate right regarding the procedures and arrangements of the assessment mechanism.

5. Assessment Criteria

5.1 The criteria for assessment of the funding applications are as follows:

- (a) the proposed projects comply with the objectives stipulated in paragraph 2.4 above, are of cultural values and can manifest the cultural substance of the related ICH item(s);
- (b) the proposed projects demonstrate the unique ideas / concepts, while the proposed forms of implementation are appropriate and feasible;

- 5.2 Apart from the criteria stipulated in paragraph 5.1, the Assessment Panel and the ICHO will also make assessment in accordance with the eligibility of applicants and priorities set forth in paragraph 3 of Annex I to Annex VIII.
- 5.3 Assessment results/ evaluation reports (if any) of past activities in collaboration with the ICHO, or projects supported under the ICH Funding Scheme, will also be referenced by the Assessment Panel and the Office

6. The Determination of the Funding Amount

- 6.1 In order to attain significant impact in the community, the projects must be of a certain scale, and the funding amount applied for each project shall not be less than HK\$250,000. The LCSD reserves the right to approve a lower amount for individual projects.
- 6.2 Apart from the requirements and restrictions on income and expenditure stated in paragraph 7 below, the nature, scale and complexity of the project as well as the reasonableness of the budget, the Assessment Panel and the Office will also consider the following factors when determining the funding amount:
- (a) the financial overview and overall budget of the ICH Funding Scheme;
 - (b) the amount approved for various ICH items and projects of different natures;
 - (c) the financial capacity of the applicants;
 - (d) whether any expenditure item has been or might be supported by other subsidisers/ sponsors; and
 - (e) whether every part of a proposed project is worth supporting.

Hence, the LCSD may support certain components or expenditure items of the projects, and not grant full funding amount applied by the applicants.

- 6.3 In the event of a deficit arising from implementing the funded project, the grantee will solely be responsible for the shortfall and the LCSD will not grant additional funds to cover such deficits or cost overruns.

7. Requirements and Restrictions on Income and Expenditure

- 7.1 The proposed project must be non-profit making in nature. Any income derived from the funded project, such as sales, tuition or admission fees, and other donations / subsidies / sponsorships, etc. must be used to offset the expenditure of the funded project. Upon the completion of the funded project, the grantee should submit an auditor's report showing the income and expenditure of the project. In the event of project surplus as shown in the auditor's report, the LCSD will deduct the amount from the grant yet to be issued or request the grantee to return any part of the grant already paid as the case may require.
- 7.2 To avoid double subsidy / sponsorship, the applicant is required to declare any secured monetary subsidy / sponsorship as well as other monetary support under application. If subsidy / sponsorship from other funding resources has been or will be granted to cover some of the expenditure items in the proposed project, such item(s) will not be supported and for successful applications the amount of grant of such item(s) will be deducted from the approved budget. The applicant is also required to declare if the proposed project has obtained or is seeking other non-monetary support (e.g. venue or material support).
- 7.3 To ensure the proper use of resources, restrictions on the following expenditure items are set:
- (a) The ICH Funding Scheme normally does not provide funding support for recurrent expenditures such as office rental, equipment maintenance expenses, and purchase of assets (e.g. computers / furniture). In addition, red packets, interests, celebration banquets, presents, souvenirs or gifts, rental and maintenance expenses of venues / instruments / equipment already owned by the grantee, warehouse rental, expenses arising from visa / travelling / accommodation for visits outside Hong Kong/ visits to Hong Kong (except for "Monograph Series on ICH of Hong Kong"), transportation and meal expenses for entertainment and social functions, and fees related to the establishment / registration of the organisation or related to the membership application / registration of the applicant, should not be listed as expenditure items.
 - (b) If employment of project staff is required, the remuneration of such staff shall be calculated upon their qualifications and experiences and not be higher than the rate of similar posts in the market / industry.
 - (c) For funding applications on remuneration of administrative personnel and other administrative expenditures, the proposed expenditure items should be necessary and reasonable, and commensurate with the objectives, nature, content and scale of the proposed projects. In addition, they should be directly related to the actual implementation of the projects. The grant will not be a

subsidy to the daily administrative expenditures of the applicants' own business / work. The total amount of the remunerations/ service fees for administrative / financial personnel (excluding accounting personnel and auditors) and other administrative expenditures shall be up to a maximum of 15% of the funding amount. The Office reserves the right to define which positions are within the scope of administrative / financial personnel.

- (d) Expenditures on the purchase of instruments or equipment are normally not supported. Applicants should use instruments or equipment already owned as far as possible or should rent the required instruments or equipment to implement the projects. In that event where the applicants would only be able to carry out the projects with the purchase of the respective instruments or equipment, justifications, including the purpose of purchase and whether it is more cost effective to purchase than to rent such instruments or equipment in the market, shall be provided.
- (e) All incomes and expenditures of the funded projects must be independently audited by a Hong Kong certified public accountant who shall prepare an auditor's report. The amount dedicated for accounting and auditing shall be 3% of the funding amount. The remaining amount of such item cannot be vired to other expenditure items.
