

SPECIAL ADMISSION ARRANGEMENTS

Dr Sun Yat-sen Museum has implemented the following special admission arrangements with immediate effect:

- The number of visitors to be admitted will be limited
- Children aged under 12 will be allowed entry only when accompanied by an adult
- Visitors should wear face masks upon admission
- Visitors need to undergo temperature checks before admission, and will not be admitted in case signs of fever are shown

We have enhanced venue cleansing, arranged disinfection to installation and provided hand sanitizers. We will closely monitor the development and timely review the above measures.
