## **Lady MacLehose Holiday Village**

### **Notes to Campers**

#### **A/ Introduction**

Located within the Sai Kung Country Park, the 13.2-hectare Lady MacLehose Holiday Village (the Village) was built as quarters for engineers involved in the construction of the High Island Reservoir. With the conclusion of the construction project in the late 1970s, the quarters were revamped with funding from the Government into a holiday village, which opened to the public in early 1981. The Village is capable of accommodating 268 residential campers, 200 day campers and 100 evening campers each day.

Built along the hillside, the Village is surrounded by luscious greenery and tranquillity. It is the place to go to for a taste of nature. Each of its 52 standalone bungalows is self-contained with a sitting room, bedroom(s) and toilet-cum-bathroom. Capacity ranges from 3 to 15 people. The sitting room is fully equipped with tables and chairs, an electric kettle and cups, while the bedrooms come complete with single beds, beddings and closets. Campers need only bring changes of clothes and personal hygiene items for their stay. The toilet-cum-bathroom has 24-hour hot and cold water supply. All bungalows are air-conditioned from 4:00 pm to 8:00 am the next morning during summer between May and October.

A wide range of recreation activities and leisure facilities are provided at the Village. Activity rooms, audio-visual equipment and adventure facilities are available for booking free of charge. Catering services are offered at the 300-seat restaurant and the barbecue area that has 15 barbecue pits for accommodating a total of 150 people at the same time. Campers may, after securing their camp places, call the restaurant to order breakfast, lunch, dinner or barbecue packs in advance. The restaurant and some of the activity venues are covered by “Wi-Fi.HK” wireless network. Campers can enjoy free internet access with their own laptop computers or smart phones. As a large part of the Village is outdoors, campers may wish to bring sunscreen and mosquito repellent.

#### **B/ Accommodation**

1. The Village provides bungalows with capacity for 3, 4, 5, 6, 7, 8 or 15 people.
2. Bungalows will be allocated based on the group size (regardless of gender mix) of each application.
3. The bungalows are scattered throughout the Village and connected by pavements. Campers should note that some bungalows are more distant from the others.
