Asked by: Hon CHENG Wing-shun, Vincent (LegCo internal reference no.: 41)

Reply:

- 1 & 2. It was announced in the 2019 Policy Address that the Government would launch a five-year plan to transform more than 170 public play spaces (PPS) under the Leisure and Cultural Services Department (LCSD) across the territory, with a view to offering the play spaces with different degrees of challenges and fun, and introduce more natural elements in order to provide innovative, challenging and interesting play spaces. The total estimated expenditure for the entire programme is \$686 million.

The LCSD launched 17 transformation projects in 2020-21 and will launch 26 projects in 2021-22 in various districts. A list of venues of transformation projects is at **Annex**. The LCSD has been launching transformation projects for the first 2 years as planned and planning for projects for the subsequent 3 years. It is hoped that transformation works for more than 170 PPS will have been successfully launched by 2026.
