Hong Kong Flower Show

Why go green?

- ◆ To fulfill our green mission and promote a green culture
- ◆ To reduce waste at source
- ◆ To conserve resources and turn waste into energy
- ◆ To enhance the image of the Department and the Show

## Environmental Protection and Waste Reduction Measures

### Before the Show

- 🌿 An overall plan for waste reduction and recycling was formulated.
- 🌿 The types and quantities of waste and recyclables were assessed.
- 🌿 Incorporation of green elements into exhibit design was considered.

## Environmental Protection and Waste Reduction Measures

- Electronic communication channels were used as far as possible.
- Waste reduction guidelines and recycling strategies were provided to stakeholders.
- All stakeholders were encouraged to join the “Green Event Charter” programme.

### Before the Show
